

Reading Comprehension

Natural Resources

A Read the main ideas and the details. Check (✓) the correct details.

1

Main idea

People need natural resources.

Details

Plants need clean air to breathe. ☐

We can't drink dirty water. ☐

Smoke comes from cars and factories. ☐

Farmers can't grow food on landfills. ☐

Reuse plastic bottles. ☐

2

Main idea

We need to take care of our natural resources.

Details

Make toys from old things. ☐

Take your own bag to the store. ☐

Plants clean the air when they breathe. ☐

Sunlight is important for all living things. ☐

Use things until you can't use them anymore. ☐

B Read and circle the correct words.

Natural Resources is an **informational text** / **realistic fiction**.

It teaches us about **history** / **Earth Science**.

C Is it good or bad? Read and draw 😊 or ☹️.

- 1 The Earth gives us important things to live.
- 2 Plants clean the air for us to breathe.
- 3 Trash goes into landfills.
- 4 Reuse things. Don't throw them away.

D Match the causes and effects.

Cause

- 1 Factories make smoke. ●
- 2 People throw trash in water. ●
- 3 Trash goes to landfills. ●
- 4 We take care of Earth's natural resources. ●

Effect

- **a** Farmers can't use the land.
- **b** The air gets dirty.
- **c** Plants can't grow near it.
- **d** We can use them for many, many years.

Extra What can you do to take care of Earth's natural resources? Draw and color one thing.
